THIS IS UNEVALUATED INFORMATION

25X1 1. The Cukarica Shipbuilding Enterprise, formerly the Srpsko Brodarsko Drustvo (Serbian Shipbuilding Company), is located at Radnicka Ulica 5 in Cukarica. It is equipped to build and repair river craft and barges but it currently repairs only old vessels. Because of a shortage of raw materials and tools, and reportedly because of a lack of industry among the workers, not a single new vessel has been built at this yard since before World War II. However, the yard is sufficiently equipped with machinery, including dynamos, drills, ship ways, et cetera. The machinery, which is electrically operated, is sometimes forced to discontinue work because of shortages of current.

2. The labor force at the yard consists of approximately 1,000 workmen and 200 clerical personnel, as well as approximately 100 forced laborers of the People's Front. The enterprise operates only during one eight hour shift. Raw materials are obtained from Yugoslav industry.

3. Among the more important officials at the yard are:

25X1 a. The director, Mile Kovacevic

25X1 b. Engineer Negovan Milovic, a ship specialist

25X1 c. Engineer Radomir Stanojevic, a technical specialist

25X1 d. The former personnel manager, Radica Jovanovic

4. The enterprise is guarded by the Industrial Militia.
